My first week in Barrow was truly one of rare experiences and deep appreciation of the work of Missionaries. The moment I landed, I was received with open arms and taken in as another member of the Wartes family. Right away I acquired the nickname of "Uncle George". All the members of the family truly showed in their lives "the Love of God".

The ~~first~~ first meeting I attended was the Geneva Fellowship. We played volleyball for a while, and then had a snack, followed by devotions. The warmth of these "Eskimos" certainly impressed me. They all seemed so friendly and showed in their faces that they had experienced this "Love of God" also.

The next day after putting up signs in the village about the Billy Graham film, "Oiltown", everybody knew my name and called me "George" or "Hi". In the evening I attended the Officers Workshop. I guess everyone was a little nervous for no one did much talking except Bill Wartes, who led the discussion.

At the Billy Graham film, everyone turned out right down to the littlest ones. It was enjoyed by all.

Next day saw many things happen. I finished a porch and steps I had been working on and just in time for a "Fellowship Dinner". It was a kind of two-in-one affair; first, for the Wartes going-away and secondly, for my coming. I never tasted such wonderful food. For entertainment we did some 'jump-rope' and 'rythum game'. This was followed by some 'string stories' told by the older folks. It also was a new experience. Afterwards, I visited W.F. and gave a Testimony and told the young people what a privilege it was to have a group like theirs. There were about 25 or 30 out.

Friday, the 27th, Samuel Simmonds and myself and Mark Wartes walked out on the Ice in hopes of doing some Seal hunting. We certainly walked far enough, only to see it break up when we got to our destination. A sight well worth seeing. If I had only brought my camera.

Saturday, the 28th, I erected a Sign, which pointed to different key cities on the globe. The next day everything one noticed it. In the evening, attended a Sunday School Teachers Class. I was to take over the next week.

Sunday, AM, gave Testimony. Afternoon, taught Jr. Hi B&G; Evening

The month of July was truly one of much activity. The weather was good most of the month, with some fog moving in the later part of the month. During the 1st of the month, the big project was the Music Festival, which was held on the 2nd of July. The Mural on the back wall of the church was nearly completed in time for the festival. Dr. J. Earl Jackman and the Traveling Seminar was here for the Music Festival and enjoyed it very much. In the evening of the 2nd, there was a pot-luck dinner at the church, for the members of the Seminar. It really was a feed. There was every kind of food imaginable. After the Music Festival, there was an Eskimo dance at the Armory. It was a sight to see and very colorful. Each dance had a meaning and the costumes were very elaborate. /

The Fourth of July was spent relaxing and taking off the wheels on the Arctic Messenger III. There was also a Baseball game between the villagers and the service men. The Village won for the first time in a long while. The rest of the week was spent working on the back porch of the Manse.

On Monday, the 7th of July, I took the W.F. group on a picnic, of maybe I should say, they took me/ for a long walk. We walked about 5 miles down the beach to a place where there were 3 or 4 tents and here we ate our lunch. We sang songs and then I led them in some devotions. We finally reached home about 7:30 and boy, was I tired. There were 16 young people present.

Most of my activities have been with the young people, namely, Presbykids, Polar / Bearers, and W.F. We usually play games first, then sing a few chourses, and close with some sort of devotions or story. The young people really like to sing. We do need piano players.

They also need to learn to conduct their own group/

I rebuilt the communion table and finished the back porch of the manse.

The 13th of July, I preached in the morning service. Bill Wartes did everything up until the sermon. I had a sore throat the day before, but by the time I got in the pucpit, it seemed all right. God certainly gave me strength. I received many compliments onit. During most of the services, I sing inthe Choir and usually read the Scripture or Responsive reading.

The next major project was that of the porch and steps to the main door of the church. I built the same type of structure as on the side entrance, with the exception that the steps are more dressy. The Steps and porch took 4 days.

Monday nite, the 21st of July, I went with the Geneva Fellowship group down to Suklukak. It is a place west of Barrow, along the ocean and is a great spot for a picnic. We went by boat and had to watch for large cakes of ice in the water. I thought I would freeze, but was warmed up right away by a nice warm fire. The food was delicious and so much of it. I ate till I thought I would burst. Then we played an Eskimo game called Muna-Muna. It really wore me out running. The men played against the women. In all there were about 49 out. We got back about 12:30 or 1:00 PM. It was truly one of the best picnics I have ever been on.

The next day, I went with Bill Wartes and Samuel Simmonds on another picnic, only this was called a Retreat. We left about 1:30 PM and by boat, only this time I was in charge on one of the boats. I had trouble with the gas line going down, but coming back, we really made time. We went about 15 miles down the coast again to the Wylie Post-Will Rogers Monument. This was a retreat for the Polar Bearers and Westminster Fellowship groups. There were about 60 out and we had a great time together. We played games, then ate and roasted fish on the open fire, then sang fun songs. After this we roasted some good old American "Hot Dogs" and ate snow for water. A real treat. Before going home we had our vespers on the beach. They consisted of a few choruses, followed by sharing some Bible verses together. It was real meaningful. Bill Wartes told us of some of his experiences with the plane. We sang "Blest be the Tie That Binds" and departed for home.

Friday, the 25th of July, the Chambers arrived; John, Barbara, and Sara Lynn. They looked so cold, but soon began to get used to the cool weather. Sunday John preached in the Morning and evening both. In the afternoon, Bill and he went to the Shooting station and held a service for the folks there. This is where they shoot ducks. This Sunday was truly one of the most memorable here in Barrow. After the evening service, we had a fellowship hour in honor of the Wartes' leaving and the Chambers' coming. The choir sang one of the songs that they had sung at the Music Festival. It was for Bill and Bonnie. After the song, Bill said a few words for from the rear of the church and they were probably the hardest words he has ever had to say. Then the people lined up and said their final good-byes. For the first time in my life I knew what Christian Brotherhood and Fellowship can mean. The people literally wept because they hated to see the Wartes leave. It even caused a tear or two in my eye.

The last days of July were spent packing things for the Wartes family and saying good-bye to some of the finest people I have ever known, even if it was only for a month. I know they will continue to serve God where ever they go. All in all, It was a thrilling month.

Signed,

George B. Johnson

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

During the month of August many new changes took place. With the Rev. John Chambers as the new Missionary here, there was a lot of moving and changing to be done. As far as the physical facilities are concerned, the big changes were the Painting of the Church and new sidewalks. The painting was done in record time due to the cooperation of the congregation. Only an announcement was needed from the pulpit. The weather was the only factor that slowed the work. The sidewalks are not completed as yet, but hope to have them done in time for winter. Most of the help on these was done by Leslie Itta, Samuel Simmonds, and Rev. Chambers.

Along with these projects, there was cleaning, fixing up a study, repairing the tractor, and butchering 2 Caribou for next winter's meat. The last week of the month saw much activity both church-wise and community-wise. With the arriving of the North Starr, everyone had a job to do. It was something to see how the goods were unloaded and checked off and delivered. Most everything arrived in good condition despite the rainy weather. One day was halted due to strong winds that made for rough water. One nite I remember some barrels being washed out by the water and everyone pitching in and helping in and helping to rescue them.

The program of the church kept most everyone busy that would lend a hand. The first Sunday Rev. Chambers was in Fairbanks and couldn't get back due to weather, so I was called upon to preach. The experience was good. It is a challenge to find the right kind of illustrations to use. The first Friday of the month, I also participated in an Infant Funeral. I led in prayer and also acted as a pall-bearer. A truly humbling experience.

The rest of my activities were spent with the Polar-Bearers and W.F. John has rearranged our schedule so the load is not quite so heavy on each person. He is sure and organizer and a man for getting things done. We now have staff conferences once each week. Our daily schedule allows the mornings for study, the afternoons for work, and the evenings for church meetings.

The Polar Bearers had good times learning games and new songs. They seem to learn fast and enjoy doing new things. The W.F. group is beginning to show results. One week only eight girls showed up, so we played girl's basketball, and volleyball. It seemed foolish but turned out to be lots of fun. I loaned one of the girls my book and she returned it with a very nice note written on the back cover. Their christian experience ~~truly~~ truly means something to them and they can express it very well in writing. The third week we had a "going away party" for all those leaving Barrow for school. There were about 60 out and they sure enjoyed themselves. Rev. Chambers led the devotions.

DO NOT WRITE NARRATIVE BELOW THIS LINE The young people are always offering to help in every way they can.

## MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

In the month of September, as in August, many changes took place. The Sidewalks around the church were completed, New Linoleum in the sanctuary, as well as in the manse kitchen, and a new Stove in the manse. These were the big projects, but there were other lesser ones which I will not mention here. I did help Samuel Simmonds install a couple of windows in his house.

As for the program of the church, there seemed to be noticeable progress made here too. In Westminster Fellowship, we had a planning meeting, elected officers, installed them, and had a social during the month. I think that the W.F. group is beginning to understand their part in the total program of the church. They are beginning to sense the need for planning and responsibility. The president volunteered to help run off the church bulletin on Saturday. The vice-president sent a note telling me to meet with any W.F. girls after prayer meeting and plan for the food of the following meeting. It was good to see their response.

Rev. Chambers, Samuel Simmonds and myself also conducted our first Teacher-Training Supper. A Moody Science film was shown, "Vacant Chairs" which introduced the subject of Successful teaching. We are going to have one of these filmstrips once each month. After the film there was a talk and discussion on various ways to improve our teaching. The people entered into the discussion very well.

Also during the month I preached twice. As Rev. Chambers was in Fairbanks getting the floats taken off the plane, Samuel Simmonds and I were left in charge of the mission for about 10 days. It was good experience for me, even though it did seem like quite a load. I was also called upon to lead Choir Practice for two weeks during this time. It was also during this time that Samuel & I directed the laying of the linoleum in the church. The people really turned out and carried the burden of the load. It took three days in all, but there were many periods of laughter and fellowship. The women did most of the spreading of paste and the men did the heavy work. Tea & Coolies were served regularly twice a day. I certainly felt a part of them during this time.

It was also during the month of September that the Community Hall (Armory) burnt down. It happened one Sunday morning about 7:00 AM. Rev. Chambers roused me out of bed and we put on our hip boots in hopes of helping. After rolling some oil barrels out of danger, we began pouring water on the roof of a nearby house in hopes of saving it. The water we T WRITE NARRATIVE BELOW THIS LINE used was our precious drinking water. But we

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The month of October was one of the busiest yet, both program and property ~~was~~ wise. As for the property, the Westminster Fellowship group took on a project and completed it, inspite of my absence. They varnished the floor of the Marsh-Spence Hall (gym). This was a great improvement as the floor is usually so dusty whenever any games are played there. Also the Greist room is coming along fine and we had our first fire in the fireplace last tuesday, the 4th of November. It is the first fireplace in Barrow.

Another project that was a must, but did not add to the property, was the ~~se~~ week of Ice-Cutting. This was necessary for our winter water supply. It was a new experience for me, as well as for Rev. Chambers. I ran the power ~~was~~ saw most of the time, Samuel Simmonds, the tractor, and one or two helpers loading or unloading the Ice cakes. It was real work, but it is sure nice to have hot water to bathe in. Also a couple of other projects were started the last week of the month; namely enlarging the prayer room, and installing door sills in the sanctuary.

The program of the church is difinitely improving and the people ~~and the people~~ beginning to take hold of responsibilities. We have chosen some youth advisors for our young peoples' groups. This is especially helpful in W.F. as the boys tend to dominate the activities with basketball. The W.F. officers now meet once a month to plan the month's activities. A Halloween Party was planned and carried out on the 31st. It was a joint party with the Polar Bearers. The day before both groups were busy with decorations and refreshments and they began to reel the group spirit. This is important, I think. The party was a success and the costumes were a real laugh.

The highlight of the month was Spiritual Emphasis Week and the preaching of Rev. Charles Hoffmeister from Merced, Calif. The meetings were all well attended, but one factor made it especially hard on Samuel and Myself. We out Ice Cutting 4 out of the 5 days and by the time we got home we were pretty tired and found it hard to keep awake during the meetings. The Lord gave us strength and especially Samuel as he had to interpret the message each evening. The Lord blesses the services and about 41 in all made decisions of one kind or another. Saturday afternoon at 3:00, we had a Youth Rally and crowded about 60 into the gym for games. After the fun we sang songs and Charles showed some slides and asked the young people where they were going and who was in control of their lives. Two ~~of~~ indicated they wanted to receive Christ. Praise God for his marvelous works.

An answer to prayer for teachers has been answered and we now have about enough. I also spent a week with Bud Helmericks getting some fish for the mission this winter. Real good eating too.

The month of November was filled with some new events, as well as keeping the regular active program going. A youth Choir was started on the 9th of the month and I was put in charge as director. It is limited to 12 - 14 years young people. The turnouts have been good and we sang on Thanksgiving day. We are now working on a Christmas program and plan to use them in this. The Westminster Fellowship boys like to play basketball so well, we have decided to give them one afternoon a week for practice. Samuel and John felt that I could be spared at least one afternoon for this instead of the usual maintenance. We have worked it out so the boys work for about 1 hour before on the church and then have about 3 hours for practice. So far it has worked out and we have finished the Catwalk up in the attic of the church.

The Thanksgiving Feast was truly a sight to see. It began at 2:00 pM and lasted till 6:00PM. I never saw so many people in one place before. The food was distributed from a central place to where the people were sitting, either in the pews or on the floor. It was distributed by about 15 to 20 people either in sacks or pots. I tasted some kuak(frozen fish), raw caribou, Whale and muktuk. It was different but I enjoyed the experience. I can see why the natives have good teeth. The eating was followed by prayers, testimonies, and sharing what the Lord has done for them. I guess there were about 800 people in all.

The W.F. program for the month included studies and discussions in a booklet entitled, "The Christian Answer to life's urgent problems." We took one chapter a week as follows: 1, "Who Am I"; 2-"Who Is God?"; 3-"Who Is Jesus Christ?" The weekly turnout has generally increased as some boys who were away at National Guard Camp. Of course the boys outnumber the girls and the usual desire is to play basketball. We are trying to use different games in hopes of getting them to play together. There has been some improvement.

Maintenance-wise, the work consisted in completing the prayer room, repairing the mimeograph machine, installing electrical switches in the Greist room, and hauling another load of ice for water.

I have been attending Geneva Fellowship meetings on Mondays and have been asked more than once to start the songs. Since they don't have no piano during their devotional time, I consider it an opportunity to use some of my talents. I really have enjoyed playing games with them and getting to know each one of them better.

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The highlight of the month was of course the Christmas programs. We had two this year; one by the Sunday School and Youth Choir, and one by the Geneva Fellowship and Adult Choir. I was put in charge of the Sunday School program and though it was a lot of work, I gained a lot of good experience. The Theme of the program was "The Message of the Bells". Allthose who participated did very well considering we only had two practices. After the performance we had a party for the W.F. group. They sang songs, opened presents, drank coffee and tea and then some remained and looked at slides. The 24th was the date of the Geneva Fellowship program and it two was well received. I think there were about 500 people at both programs. After this program, we sang Christmas Carols over the loud speaker, had refreshments, and then went caroling to some shut ins. This proved to be an experience of real joy in making people happy at Christmas time. We went right on into the homes, and even found some of them in bed. You don't g really begin to experience humility until you have been in some of their homes. On the 25th, there was of course the traditional Christmas feast which was again well attended. In the evening there was an Eskimo dance at the Native Store Theatre. After seeing some of the whites try their skill at this ancient custom, I too felt the urge to try it. I received a lot of laughs and spent a lot of energy, but had fun doing it. Later I received some compliments and they said that I dance just like an Eskimo. (sort of like jitterbug only not so fast)

On the 26th there was a program by the "ational Guard and it proved to be on the humorous side also. These people are natural born actors. December 31st was the date of our Watch nite service. There was a service from 9-10, refreshments from 10-11, and the film, "Dust or Destiny" from 11to 12. This was well attended and we entered the New Year in Prayer. There wasn't allot of shout ing and hollaring and noises like there usually is at home but just everyone wishing you a Happy New Year. I think I enjoyed it more this way.

The work on the property was slowed down a little due to the Christmas preparations, but we did manage to paper the Office. Also we put up a new Chimney chimney on the Marsh-Spence Hall. We also moved the Coal stove into the Sanctuary and did some general rearranging. The Westminster Fellowship boys and girls helped decorate the Sanctuary of the church as well as put up the Christmas tree. It looked very nice and they did a good job. These teenagers are always willing to help when ever we have something like this to do. On the bad side, I had a tooth pulled which caused me some grief near the

## NARRATIVE SECTION OF REPORT

(Original and 3 carbons)

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

Again I am happy to report my activities for the opening month of a new year, and I wish to express again my willingness to serve in any capacity that I can for my Lord.

I made sixteen friendly calls or visits to family homes. Of these, I got to talk and pray with six individuals with a very good response from each of them. I made seven hospital visitations to pray with and cheer the sick.

In my spare time I continue my studies from various books which would contribute to my work.

Sunday morning Inupiat Pre-service, two teachers' classes, Westminster Fellowship, and an Adult Communicants' class continue under my leadership.

Besides these I have time for such work as ice hauling, repairs, etc.

If you have confidential problems, write us separately and mark "personal."

The following goals and immediate program needs have been adopted by the Congregation and it is the responsibility of the Church Officers to implement them in every way possible so that the will of the Congregation will produce good results for the Kingdom and to the glory of God.

- A. Greater Lay leadership in all areas of church life and program.
- B. Continuation of the Officer Training Workshops started in 1957.
- C. Reorganization and strengthening of all committees with written standards for committees to be adopted by Session.
- D. Re-evaluation of whole program of Christian Education--adequate numbers of prepared teachers, effectiveness of teaching, class room space, etc.
- E. Prayerful approach to challenging youth to Church vocations.
- F. Greater stress on faithful attendance of members at all services, particularly Communion services. We will celebrate the Sacrament at both a morning and an evening service so that more members could attend.
- G. More general and regular use of daily devotional helps in family worship.
- H. Increased interest in personal and visitation Evangelism.
- I. Increased understanding by the ladies of their National Women's Association.
- J. That we organize a men's group to work with the National Men's Council of our denomination.
- K. Completion of Sanctuary as early as possible in 1958. We request the Trustees to appoint a new Building Committee.
- L. Completion of Greist Memorial Parlor.
- M. Completion of Westminster Fellowship World Mission Mural on back wall of church.
- N. Participation in World Mission Study sponsored by our Board of Foreign Missions.
- O. Revitalization of Adult Choir and careful study by the Session of whole church music program and the appointment of a music director.
- P. Study of usher work and greater usefulness.
- Q. Increased contact with our members who are out of the village on jobs, in school, hospitals, or armed service.
- R. Study by Session of problems related to Christmas Feast and gift giving.
- S. Develop spring program to allow special Preaching Mission at Anaktuvuk Pass and the beginning work on a chapel there.
- T. Continuation of present established program of Fellowship groups and add a group for the 40 to 60 year age-span.
- U. Advance Program Committee will now be a permanent committee of the church with the addition of two more members--not already officers in the church--and the current President of Westminster Fellowship as an ex-officio member. (The two elected for 1958 are Rolland Toovak and Jeanette Brower.)
- V. Prayerful support of present program and any new efforts started by the officers to enrich our church life.
- W. Develop a deeper understanding of stewardship.
- X. We will encourage the use of The Year Book of Prayer for Missions.

The work on my part is about the same this month, with few additions such as Church mural which the Westminster Fellowship started ~~1/11~~ under my leadership.

Made nine calls on homes, where I prayed and have conversation with teaching, or mostly concerning church life; besides these I made about the same number of just friendly calls to other homes.

Made six hospital visitations to our sick people there, who in turn are always happy to see a friend.

Was also called on by five individuals who needed help and advice from their personal problems, it is always encouraging in my part to see them go relieved and happy.

My participations in services, Sunday school teachers class, leading Westminster group, conducting or leading Inupiat service, are the same.

This month we all seem to have a lot to do, Marsh Spence Hall (old church building) was scrubbed and repainted, mostly by our Westminster Fellowship group.

Also in the main church building necessary work was being done, also repainting, by volunteer church members, with the help of eager W.F. group who also at the same time were working on the church mural. Observing the willingness of these people for the betterment of their church, I thank God for His unfailing guidance.

As for my personal work, I made twelve calls, on these calls three persons of their own will confess to me of their failings in christian living, of which the most cause was drinking alcoholic beverages, and as a result they say their church life was cold. I prayed and talk with these persons individually, and again I thank God that they can pray with me then, for more strength and guidance from the Lord.

Also make five hospital visitation to our sick people here, all those I visit were not seriously ill, and show their appreciation that I visited them.

Before I went to the Presbetyery meeting I made eight calls to the various homes here, also make two hospital visits to the sick people . Again I am happy to report that these calls and visits I make have proved helpful, as some showed thier appreciation for my coming, and little advice I give. .

On our way home from the Presbytery we stop at Anaktuvak Pass for worship service, later on we meet with the men concerning the planned chapel for them, which needs to be hauled by dogteam, if they are willing. The meeting was a real success because they showed thier willingness to cut and haul logs, even though one round trip with dogteam would take three full days. Rev. Wartes has ~~done a lot of work on this project now hauling~~ from this end equipment, food, and other necessary things, as well as spiritual food.

For the remaining half of the month I have also been quite busy, cutting and hauling ice for summer use took a lot of my time, as well as tractor repair, and other few things.

Besides these I have been able to work with and help young couple who were getting to the point of fighting, besides thier continual quarrels because of jealousy. Both have had an affairs with other persons before thier marriage, and these memories were giving them alot of troubles, mainly because the wife was continually bringing this up and also unwilling to forgive her husband, when he himself has forgiven her. After a long talk with them I finally convince the wife of the importance of forgiveness, in these words, saying, Mrs. I how would you feel if Christ were to tell you now that He do not wish to forgive you of your sins! would you be happy? that got her to think, and then she finally said, that she realize now that it has been all her fault for thier troubles, and from then on she extend her forgivnass with tears. Of course this was the time for prayer and praise to God for His guidance.

My two weeks at Anaktuvuk Pass has been the highlight of my activities for this month. The first week I held evangelistic meeting each evening, and at the end of these meetings, seven adults asked to join the church of whom I met individually concerning their decisions. Six families also asked me to have their children baptized, which numbered fourteen children altogether. When Rev. Wartes arrived from Barrow two weeks later all these were taken care of during the communion service.

At the close of the week for preaching mission I announced to the group, especially to the young people, that I wish to continue the evening meetings for singing practices, if they wish, I end up with almost everyone coming for practices also. I really enjoy my stay there, and it was refreshing to me when they received the message I bring from God's word with open hearts, and when each individuals express their appreciation for my coming. During my stay there I help them getting ready with the logs for the building of their chapel.

As for my part here at Barrow things need to be done too, like ice haul cleaning up of yard, and misc, work.

Made four hospital visitations, and six calls on homes besides my work at Anaktuvuk Pass.

There has been more things to do for me this month in the maintenance part of the church program, and as the result I have been unable to make calls like I should, anyway I did make a half a dozen friendly calls and few hospital visitations. Beside these calls I have been visited by four individuals, one came over to tell me of her unfaithfulness to her husband and ask for help, after interview and prayer she thank me for the releif and strenght to start anew. The other lady also came who was unable to go home to her husband for two days due to thier fights and quarrels (this lady has been drinking and staying out late) After prayer and interview I took her to her husband and again discuss concerning thier troubles, after the reconciliation we all thank God. Following Sunday both these ladies came forward, and are now helping in<sup>only</sup> the church program, one in the choir and the other in the S.S.Teachers. The third individual who came to me was asking for help and guidances in his christian living. And the fourth individual wanted me to pray with him concerning thier<sup>only</sup> child wh~~a~~ was very sick; the next day he came over to tell me that the child is fine now and able to come home from the hospital, I could picture his face smiling brightly and full of faith in God.

Many things seem to be happening during the month of July, as we observe our Pastor Rev. Wartes and family packing and prepares to leave, and also expecting for our new Pastor and wife to arrive. Besides that, I was able to take my whole family out camping for ten days in many years, which we all enjoy very much. While camping I had the opportunity to conduct worship service and Sunday school to the campers, which numbers to forty five people.

Between my regular duty here I made fourteen friendly calls, and six hospital visitations to our sick and injured.

Since the arrival of George Johnson he has taken over leading the Westminster Fellowship group, so that I have time for other work. George has contributed a lot already toward the church program in many ways.

It is only a week now since Rev. Wartes left, and I personally missed him, and yet with God's help and guidance I am looking forward with earnest to work with our new Pastor, the Rev. John Chambers.

The Month has passed so soon again as we labored to do the work phisically and spiritually. I was again able to have a weeks vacation and used this opportunity for Garobou hunting.

During this month the outside wall of the church has been painted by the voluntary work of the people.

Made seven hospital visitations during the month to pray and talk with encouragement to our sick people there.

Made nine get acquainted calls to each home this month with Rev. John R. Chambers, and I make five calls personally to those who needed my help and sympathy. Besides I was visited by four other individuals who wanted my advise in thier variouxs troubles.

Later part of this month I took over in leading the Polar Cross Bearer group.

When our Pastor makes twenty eight get acquainted calls to each home this month, I guided him and accompany him. In these calls we offered prayer before leaving each home. I also make six calls of my own to encourage some members and also to those who ask me to come for help and guidance from thier troubles.

Had a privilege in contucting two sunday evening servises, when our Pastor was in Barter Island and also in Fairbanks. In one of these services two ladies came forward, one of whome needed help from her constant temptation from drinking, and the other lady who for the past year was living immorally and tried to devource her husband. I thank God for the conviction of these ladies who found that they needed help from the Lord.

For three day pained this month Geogge Johnson and I supervise the voluntary work of the people in laying fiew linoleum floor on our sanctuary.

To me the month of October seems to be filled with a lot of activities such as ice cutting for the years supply, which we have already done in four days work, and also the preparation of necessary iquipment for this work.

The accumulation of toilet and garbage cans that needs to be diposed soon after freeze up.

Besides necessary labor around mission I went calling with Rev. John Chambers to various homes, the purpose of the calling was still a get aquainted one. with various church members, and nonmembers as well.

In personal work I got to speak to two young ladies who were both involein drinking. One of these young ladies who was realy sorry for her sin, ask me to speak to her parents, with her present. As we talk together her parents were surprised that she had been drinking, and yet they were also compasionate and shed tears together there. She is now a member of the choir.

The preaching mission for Barrow by Rev. Hoffmiester was a success because a lot of people were helped by his messaged, the members and nonmembers as well, by the members you could tell by their anxiousness to hear his messages and by nonmembers by their attendance now after his wonderful sermons. I did my best to interpret for him during this week.

Other than the usual work here few things have been added, such as my being elected again to serve as a councilman for the incorporated town of Berrow.

Since the departure of our territorial Police here my calls from various family troubles (due to drinking) have increased some, (six calls from them this month) But knowing that I am not a substitute for Policeman I sometimes discourage my callers in this case, but explain to them that I would prefer to speak to such person when he or she is sober.

I started teaching under the direction of our Pastor, a new communicant class which numbered up to ten adults.

MONTHLY REPORT, CONTINUED

(Original and 3 carbons).

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The adult communicant class which I teach complete their lessons this month, of which seven out of ten that attend were ready to join and already examined by the session. The three others were members who feel they needed more instructions concerning their Christian living.

The get acquainted calls which our Pastor was still making with me are still continaeing. Also we make about fifteen special calls this month on parents who wish to have their children baptized.

More of my time was also spent for the preparation of two christ-mas ptograms which were sponsored by sunday school department, and Geneva Fellowship with adult choir.

Also one particular person came to me for help in starting a new life. He claim that he had never been to church for about three years now, he wept as he confess to me his weaknesses, after counceling with him for some time we prayed together, and as he prayed he ask God to forgive him now of his many weaknesses and sins. After this he was at ease and thank me for the help I was able to give him, he realize that he had made a mis-take for not coming to church all these years. He told me that from now on he will be seen at the church and help wherever he is needed.

For the purpose of storeing my frozen food and meats, I hired two men ( after talking this over with our Pastor ) to dig underground cellar in the mission property, which they finished in eight days, and the cellar is now ~~using~~ *in use*.

I became a member, along with my wife and daughter, of the mission family officially July 15, 1958.

The first week was spent with my parents in Pennsylvania where I took several hours of special instrument flight training in preparation for service at Barrow. Also, while I was there I had the opportunity to present the work of the North Arctic Slope Mission to my home church. After many years of not fully meeting their Benevolence giving to the Central Receiving agency they have become quite interested in missions.

We returned to Schenectady July 20 for two more days of hurried packing before leaving by plane for Barrow. July 22 at a special meeting of the Presbytery of Albany-Troy I was dismissed to the presbytery of Youkon.

The next morning we were to leave for Seattle from Albany airport. The weather that morning was so bad that all morning flights to Detroit were canceled. However, New York City was still good enough for departures by air so we made reservations for a non-stop flight for 2:30. Some friends from East Glenville Church where I had served for three years as assistant pastor were kind enough to drive us to Idlewild. Traffic was quite heavy on Long Island and we nearly missed the pland. We arrived at the Ticket counter at 2:20 p.m.

Through all of this rush and the many hours in the air 11 week -old Sara Lynn was a perfect traveler.

We arrived in Barrow July 25 and were met at the plane by Merideth Wartes. Also, as we came off the plane Helen Hood of Wein Airlines and for Eskimo children sang a welcome song.

I appreciated very much having Bill and Bonnie here for a few days with us. They were a great help in bridging the gap between us and the people as well as helping us get acquainted with the details of the Mission: money accounts, the Arctic Messenger III, the various fellowship groups, and the maintenance work to be done.

My first Sunday here will always stand out as mountain top experience. The eskimo Christians were very warm and open in their reception of us. They seemed very eager for the message. Their singing is very enthusiastic. I consider it a great privilege to work with these people for our Lord and His Church.

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The highlight service of the month was the service of introduction which was held August 27, 1958. (See the attached bulletin) Roy delivered the message in Inupiat with the highlights in English. Then as the one appointed by Presbytery to conduct the service he asked the questions of the new pastor and congregation. These were almost the same as the ones in the Book of Common Worship for the Installation of a Minister. Chaplain Maurer brought a fine charge to me in English. Before the actual charge he remarked that this was the first Service of Introduction or Installation of a pastor in the new State of Alaska. The vote had just been taken the day before in the territory to become a State.

I went to Wainwright with the Arctic Messenger III for Roy and Walter and took them back on Friday, August 29. On the way we saw sixty Karabu. Walter shot one for the mission here so Samuel and we are enjoying it now. Also, Bud Helmrick added two karabu to our meat supply here. He and two walrus hunters were stranded with us a whole week so each hunter shot a karabu for us. George Johnson has his hunting license and shot a large bull. This gives us a good supply of native meat for the winter.

Another service that stands out in the month was in the evening August 17 th. The Spirit of God was present in unusual power and at the end of the message five people ranging in age from 18 to 65 came forward to re-dedicate their lives to Christ. Several elders had moist eyes as they told me of the work of the Lord in the lives of the person to whom they talked. At services like this comes the joy and thrill of serving the Lord here.

On August 11 I flew to Anaktuvuk to marry a couple that had been waiting since Before Bill left. We had several delays in getting the license. Before the wedding there were 55 at the worship service. The next morning we discussed the next step in the construction of the chapel. All the walls are up, the roof is on, the windows are in, and all the sod is in the cracks. They are ready to start on the floor as soon as they can bring more logs up from the Johns River. I ordered some insulation from Montgomery Ward for the ceiling which should be there soon. Some of the money the Board sent will be used for buying plywood and flooring to cover the logs.

Early this month we started a weekly staff meeting where George, Samuel and myself discuss the program and maintenance work for the week. This has proven very effective in organizing both. George has the Westminster Fellowship, Samuel has the Polar Bearers, the Geneva Fellowship and the Fortyniners. Barbara and I take the Presbykids. George and Samuel teach the teachers on Saturday for the church school on Sunday afternoon. In maintenance this month with the help of several Eskimos the church has been painted outside (the new part only), the steps were built for the door near the Griest room, and the board walk was built all the way around the three sides of the main sanctuary.

Two young children passed away in Barrow this month. Samuel had one funeral and I had the other. Much time was spent in cleaning, sorting and arranging materials and supplies early in the month. Late in the month the North Star arrived and all the things

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The Session had a very profitable meeting with quite a bit of discussion. They voted to give \$547 from the Benevolence offerings( the loose offering each week) to the advance fund of Presbytery. They were very happy to have this share in helping other churches get started in growing areas of Alaska. Since the Eskimo prays so softly I suggested that we have a prayer reminder list of the month and that we all pray softly like the Koreans. They liked the idea of a prayer list but felt that the time in prayer meeting should be spent in silent prayer and that it only be used the first Wednesday of the month. We <sup>are to</sup> started this in October. At this meeting the schedule of services and Sunday School was revised as follows: the Inupiat servide moved from 10:15 to 10:00 and the second session of Sunday School from 3:00 to 3:15. The Session also discussed the request of Herman Rexford that the offerings of the Barter members be kept to use on the Island either for work on the present buildings or as a building fund for the future. The Session approved a request to the Board of National Missions that 50% of their offerings be used for a building fund, 25 % be kept for present use and 25% be sent to the treasury of the Barrow church.

September 15 Barbara, Sara Lynn and I left for Anaktuvuk and Fairbanks to have the floats removed from the Arctic Messenger III. The construction of the Chapel at Anaktuvuk had gone as far as possible until more logs could be brought up the Johns River in October. These will be for the floor. While in Fairbanks I made arrangements for the lumber and plywood to cover it. The light were installed the last week of the month and they have begun to use it. We are thankful that it has come along so far and hope that the floor will be in by the middle of November. We were five days getting back to Barrow because of weather, arriving there the 25th.

Early in September I placed a copy of the Bible and the two Inupiat books, Mark and Romans, by each bed in the hospital.

We had two officer training meetings this month because of the All Alaska Preaching Mission in October. One was held September 2 and the other Sept. 30. We began the Second Year Study Course at the second meeting. I led the meetings and Samuel interpreted where it was necessary. They discussed some in English and quite freely in <sup>Inupiat</sup> English. They are very interested in the Government and organization of our church.

We had a special Sunday School teachers dinner on the 12th. with 22 teachers present. Following the dinner we saw the film No Vacant Chairs produced by Moody Bible Institute. It was a real challenge to them and provided much material for discussion and improving teaching. They decided to have monthly training meetings which will begin in October. The basic material for these meetings will be the film strips Successful Teaching also produced by Moody. Their are ~~six~~ eight of these. floor of the

This was floor month for improving the property. The linoleum was put on the/three rooms of the Igloo which ~~came~~ came on the North Star. Also, the linoleum for the kitchen of the manse was installed. Sept. 21-23 were work days at the church and with the help of many of the members all the linoleum was put down in the sanctuary. The Trustees voted to hire a carpenter for two days a week to lead the volunteers who wanted to work on the Griest Room at the rate of \$15 per day.

# MONTHLY REPORT, CONTINUED

(Original and 2 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The highlight of the month was the Evangelistic Mission. Charles Hoffmeister, our speaker, was a great inspiration to myself and to the people. He took to preaching through Samuel as if it were second nature to him. As the week progressed the people opened up to him. Friday evening there were 19 seekers and Sunday evening 16. The total number of seekers was 47. Of these three were professions of faith in Christ and four who were non-members expressed a desire to join the church here. One lady had been a member of the Wainwright church but had been suspended. She wants to re-join in Wainwright as soon as she returns to her home.

Charles had a Sunday School class ask to get its members pen pals in Barrow. He decided to ask each fellowship group in Barrow for pen pals and had over 100 names when he left. Most of these were young people. Both Charles and myself felt that these contacts with other Christians will add greatly to their realization that they are all part of a much larger church.

A thorough follow-up program is planned for those seeking help. In the next several weeks I expect to call on all the ones coming forward. Also, every two weeks the elder who delt with the persons coming forward will call to encourage and pray with them. For those desiring to join the church Samuel will begin a communicants class November 12.

Ice cutting came the same week as the Evangelistic Mission. I went along out one day and Samuel five days. This cut heavily into the number of calls that could be made. A total of 62 were made by Charles (with an elder) and myself.

Early in the month George took a week of semi-vacation; I took him to Bud Helmerick's home ~~don~~ on the Colville Delta. In return for this week of work from George Bud gave us about 400 pounds of fish. Because it provided a change for George and because it was the means of augmenting our food supply I felt this was a good thing.

On October 27 the Arctic Messenger III was brought from the base to the Lagoon and the skis were put on. Later that week I had one of the Wien pilots check me out on them. He was a big help in getting used to landing and taking off the airplane. He also gave me some important hints for safety and care of an aircraft on skis.

This month the lumber for covering the floor of the Anaktuvuk Chapel was purchased and shipped via Wien. I had planned to go into the Pass on wheels but there was too much snow on the ice. I hope to get into the Pass in November to show them what I had in mind when purchasing the lumber. If I can't make it the first two weeks I will have to depend on correspondence to get this information and help to them.

Early in the month Samuel spent quite a bit of time preparing the tractor for ice cutting. He helped one of the elders bring his lumber from the shooting station with the cat. This elder in turn did most of the work in building the new cat sled which we needed badly.

The latest word in the village is that we are to get gas next summer. The Trustees will  
DO NOT WRITE NARRATIVE BELOW THIS LINE begin studying our heating needs at their Nov. meeting.

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The highlight of the month was the visit of Dr. Archibald Stewart to the mission along with Brian Cleworth. They were here from the eight of November to the eleventh. Dr. Stewart brought the morning message about the work of National Missions which helped prepare the way for challenging the people to give sacrificially for the work of the Church. Brian preached the evening message. Following the evening service the Geneva Fellowship gave a reception in their honour. This gave a good opportunity to meet the over 200 adults who came back for it. Monday we flew to Wainwright and had about two hours with Roy. A dog team met us before we had walked far to the village and took us to Roy's house where we had a good hot meal. It was a great inspiration to all of us as we heard of the work being carried on there. I personally appreciated their visit to the Arctic Coast because such trips are essential in order for the Board in New York and the missionary on the field to work efficiently and effectively together.

Another highlight of the month was the Thanksgiving feast which took four hours to serve. It seemed like everyone in town was there. The young people of the church served the 750 men, women, and children which filled Marsh-Spense Hall and the Sanctuary. Frozen Kaaktuk (small white fish) and Anakalik (large white fish) were the first course. Everyone got about three pieces. Then came the frozen raw Caribou followed by frozen raw muktuk (whale). The next course was stewed caribou followed by bread and coffee, tea, or chocolate milk. While the people were finishing the meal testimonies concerning the Lord's blessing in their lives were given over the loud speaker. That evening we had a full sanctuary for the film Facts of Faith.

One significant change was made in the music program of the church. Warren Matumiak took over the job of directing the adult choir. He is doing a thorough job of teaching the new members how to read music along with an excellent job with the music program.

The Boy Scout program is finally getting under way. The local council required us to have six scout masters before granting us another charter. We lined these up by the end of the month so by the middle of December the program should be in full swing.

Early in the month one of the young men of the village was lost with his dog team out on the tundra. I spent two afternoons looking for him before we found him. He had been lost for five days and had almost completed a large circle and was within ten miles of the village. However, he did not know where he was. In his own words he said, "I am full of circles inside." While preparing to look for him the master cellanoid switch quit working. I installed a new one another day that week in order to be ready for Dr. Stewart's visit. The switch alone cost \$55.

The maintenance work done this month was a number of small jobs: The prayer room was enlarged and the floor completed. The electric wiring of the Griest Room was completed. Some ide was brought in from the lake.

# MONTHLY REPORT, CONTINUED

(Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

People in Barrow do not think too much about Christmas until a week before it gets here but then they really like a lot of programs and activities. They wanted two Christmas programs so the Youth Choir and the Sunday School put one on Dec. 23. This was directed by George Johnson and was very well done. The following night the Geneva Fellowship and the Adult Choir put on a program which Warren Matumiak, the choir director, Samuel, and myself prepared. Samuel and Warren directed it. It was well received. Both nights there were at least 50 people standing in the back of the sanctuary.

Following the program Christmas Eve the choir went Caroling to the homes of the shut-ins while others stayed at the church and sang over the loudspeaker. The choir returned to the church about 10:30 for refreshments and then went on finishing about 12:30 a.m. It was a mild -5° Christmas Eve and Christmas Day.

The Feast Christmas Day was attended by about 700. This year we did not have the people bring their gift for each other to the church. It always caused much confusion and some disappointment each year. Also, the village has grown so that the gifts take up too much room.

The Sunday School children received their gifts, candy, nuts, and popcorn the Sunday before Christmas. We gave out about 550 gifts all of which were supplied by about four churches from outside. Another 75 were sent to Barter Island by curtesy of the Federal Electric Co. A group of ladies from Eilson AFB supplied gifts for the people of Anaktuyuk Pass.

The Watch-Night Service was well attended. We had a worship service with an interpreted message from 9:00-10:00, refreshments from 10:00-11:00, the film Dust or Destany from 11:00 -11:50, and Bidding Prayers until just after midnight. I preached on "Redeeming the Time" and following the service a husband and wife came to Samuel and asked to teach Sunday School. They felt they had not been using enough time serving the Lord. We are for this and other evidences of the growth of the people in their Christian Faith.

For six weeks just before Christmas Samuel conducted an adult communicants class for seven people. These will be publically received at the Communion Service in January.

The work on the Griest Memorial Room has progressed well. The fire place has been hooked up and in use <sup>for</sup> over a month, the trim lumber and final enclosing of the fire place was done in December. Book shelves and a stand for the tape recorder are being made by Dave Brower and will soon be installed. The paper needs to be put on the wall and we will be ready for putting in the furniture.

# NARRATIVE SECTION OF REPORT

(Original and 3 carbons)

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

The highlight of this month was the Infant Baptism service and the reception of members on profession of faith. There were 39 infants baptized, 34 of them at one service, 8 were the children of one couple. The Sunday before a number of the parents of these children were presented to the congregation for Communicant membership. It was a very happy occasion for all the folks in the church. Some of these families had been problems to all of us so it was a great day to see them come forward into open allegiance to Jesus Christ.

Another point of interest is that the Air Force unit here is being moved out. Some of these fellows had been active in our church and responsible for the re-organization of our Scout troop. Considering these factors, Geneva Fellowship sponsored a very lovely farewell reception. This was held after a Tuesday night Scout meeting and was extremely well attended by our young adults and others especially interested in Scouts.

The Annual Congregational meeting was extended over a period of two weeks in four meetings in order that all the business could be fully considered and the new program goals adopted.

If the Youth week notice on our Activity Calendar is studied it can be seen that we had two Sundays with special elections and other activities. The several installation services ran into February. Both Sundays our two WF groups led in the Evening Service taking various parts of the service.

From the Manse on January 30th

Dear Friends:

During the month of February we will be at work doing our best to get the 1958 Goals which were adopted by the Congregation started and well under way. If you are called upon to give some help or leadership in any of the program, will you please consider this with great care, and after prayerful consideration do all on your part to complete what you are asked to share as your responsibility.

It is hoped that a new building Committee will be appointed this Sunday night; when we are asking all the officers, new and old, to gather following the evening service to do the choosing of committee members.

The revised copies of the 1958 Goal sheet will be available Sunday, February 2nd, as well as the 1957 Financial Report. It will be found at the back of the church for those who have not as yet obtained a copy for their own information.

Later on in the month, the Year Book of Prayer for Missions will be available. Fifty copies have been ordered. If you want a copy of this reserved for you or your family, please sign the priority list on the bulletin board. As February is the month of special Foreign Missions study, it is only fitting that we stress the use of the Prayer book for Missions now.

The Westminster Fellowship will be working on the World Mural art project on the back wall of the Sanctuary. When it is finished it will keep before us the Great Commission to go into all the world and preach the Gospel.

Yours in His service,

*W. C. Mote*

# NARRATIVE SECTION OF REPORT

(Original and 3 carbons)

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

Considerable effort was spent during this month on Committees and getting the 1958 Goals initiated in every way possible. A Fellowship group for older adults was finally organized after three years of nothing but talk. Those attending seemed quite enthusiastic and I think this group will show good growth as it catches on.

The Air Force unit giving leadership to our Scout troop has for the most part left Barrow. This will mean Eskimo leaders will have to rise to the challenge. This looks more favorable than it did when Burdicks left and Scouts disbanded in December of '53. The other factor involved in the AF units leaving will be some curtailment of employment of Eskimo labor and contractor personnel. It is not known now how many Air Force people will remain but the two main units are leaving. Many of those men are already gone. There are two officers at the site who are on a DEWline alert warning assignment that has nothing to do with the two AR detachments that have been here. I do not know what these units were doing here. The two officers are ~~g~~ regularly attending church here.

The Westminster Fellowship World Mission Art Mural on the back wall of the Sanctuary progressed well during the month with as many as ten to fifteen young folks working with Samuel on it. Other work continues on various parts of the Sanctuary and end rooms but ~~if~~ we do not have enough material to complete all the basic needs of the building.

Mark had virus pneumonia during the month but is back in school now. There has been one epidemic after another in Barrow the past six months or so. Every type of flu has made its rounds including the Asian.

Because no money has been appropriated for new school buildings, all the seventh and eighth graders will be sent to Wrangell next year. This is not good. Although the few students sent there this year are doing well, we are experiencing a negative reaction this year by many of the students at Mt. Edgecumb and SJ. Even those parents who were resigned to their High School young folks going out to school are not happy that the younger ones will go so far away too.

This winter has been the mildest we have experienced in Barrow.

March 1, 1958

Dear Friends:

There are several important announcements I would like you to keep in mind this month.

(1) **HELP! HELP! WE NEED MORE HELP!** Work on the interior of the church will continue through March on Thursday and Friday afternoons and evenings. There is sandpapering, varnishing, construction, etc. to be done and we will not be able to finish before Easter unless we have **MORE HELP!!!**

(2) There are many pictures, plaques, books, Bibles, etc. to beautify our homes or help us grow as Christian disciples on sale in the Fellowship Bookstore. The Bookstore is open before and after Prayer Meeting on Wednesdays. You can also buy things during the Work periods on Thursday and Fridays and during the recreation periods on Geneva Fellowship nights.

(3) The **ADULT CHOIR** will be having two practices each week until Easter preparing special music for the Easter Services. Please, join us to make this the finest choir we have had for a long time and make every effort to be faithful at practices. Practice periods will be after Prayer Meetings and Sunday Evening Services. Please, attend every practice!!!

(4) Remember that Palm Sunday, March 30th is the time to bring your One Great Hour of Sharing Churches with the offerings in them. As we approach Easter and are thinking of what Christ did for us, we should certainly be thinking of others in their needs and be reaching out by every means possible to them.

(5) The women of our church are seeking to organize themselves into a more effective working unit for the Lori. They will be holding a very important meeting on March 5th at 1:00 P.M. Every woman is invited to bring her lunch and join us in a good time.

**MARCH 1958**

**a**nd it was so, when the king saw Esther the queen standing in the court, that she obtained favor in his sight: and the king held out to Esther the golden sceptre that was in his hand.

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

This month was off to a notable start with the receiving of <sup>of</sup> 23-member Communicant Class at the Good Friday Communion service. Later in the month fourteen members were received at Kaktovik.

I picked up Roy the day after Easter and with Samuel, we flew to Fairbanks, took the train to Anchorage for the Officer Training Workshop, (while in Anch. the three of us went to see "The Ten Commandments"--a great blessing) and proceeded by car to Presbytery at Palmer. Samuel was re-commissioned for three years at this meeting.

On our return home we spent Sunday the 13th at Anaktuvuk Pass with Roy and Samuel giving special assistance in the meetings--two worship services, Sunday School, and a business meeting. Further planning was done on the construction of a chapel with the men holding a special meeting and pledging to cut and haul the necessary logs. I returned to the Pass on the 23rd with scale drawings of "The Chapel in the Mountains" and about 650 lbs. of equipment, tools, and materials including a 1500 watt light plant and battery. On the 30th I made another trip with a second load including a power chain saw and large rolls of tar paper, 6 5-gal. cans of motor fuel, and many other things. I stayed long enough this trip to help check on the progress of the log cutting and assist hauling some of them by dog sled. We had the thrilling blessing of seeing the John River re-freeze after it started to flood so that work could continue. The amazing thing being that the Anaktuvuk River which flows north from the Pass is completely broken up and flooded while the John River, flowing south from the Summit of the Pass, is still usable by dog sleds. Hunt's Fork, about forty miles south of the summit, is where the logs are being cut. It was a tremendous sight to see nine dog teams headed up the frozen river with their heavy loads of logs, some logs as large as 29 feet.

# NARRATIVE SECTION OF REPORT

(Original and 3 carbons)

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

During this month a primary effort was put forth in getting supplies and equipment into Anaktuvuk Pass for the "Chapel in the Mountains" project. The last load of logs were hauled before it was too late to travel by river. There was tremendous excitement generated as the fourteen dog teams went about getting these logs up the river--some over forty miles. I made trips back and forth coordinating things, flying in feed, and doing a lot of hard labor in the process--loading logs on sleds, as well as cutting and peeling logs, etc.

This is most important: It gives you a record of your work for your own review and evaluation; it tells us of your special problems or needs, your successes and gratifying experiences, your special meetings and activities; and it supplies the publicity department with news items for the Church.

The Rev John Chambers arrived on July 25<sup>th</sup> and assumed the field on the 27<sup>th</sup> - The statistic chart was left for his use at Barrow. I was able to give him some instruction in the plane, and to fly him via Anaktunuk Pass to Fairbanks. This instruction and introduction to the Anaktunuk people were my last acts of leadership on the field. I arrived in Seattle with the family on the 30<sup>th</sup> of July, to start my furlough.

Although we were delayed in our departure from Barrow, and most of our Summer plans had to be abandoned; still it was comforting to see the Chambers and George Johnson on the job at Barrow, and getting their 'teeth into the work' - I'm sure they will make out well and get along wonderfully together and with Samuel Gunnar.
